Opportunities for Excellence

- Registration for the 2019 ASEE Annual Conference will open on Monday, January 7, 2019. Reflecting increasing costs of conference production, registration fees are going up a modest 2.5 percent for members. Life member conference fees have increased by \$20. The last increase in Life Member Registration fees was over 15 years ago. ASEE's conference fees remain competitive with peer organizations. Student members will continue to be able to attend the conference for free. Click [here](#) for additional information on the conference registration rates.
- Looking for an advisor: FIRST Robotics is an undergraduate student organization that arranges for its members to mentor various First Robotics Competition <https://www.firstinspires.org/robotics/frc> teams at a number of central Ohio high schools. We also co-host, with and for the last few years at the PAST Foundation, the area competition kickoff and distribution of parts kits event in early January, we help out with some off season competitions and meetings, and of course conduct outreach activities for new mentor recruitment and training. Recently, the group has tried a few new activities, including organizing a trip to the FIRST National Advocacy Conference and a trip to Honduras involving OSU and Metro HS students. As this is a student organization, the students do the work. And the organization is long standing and well established. But the adviser provides continuity, helps the students deal with university rules and policies, space scheduling, and expenditures, and generally assists and watches over the group and its activities to make sure everything is kosher. There is also a few annual administrative actions with the Office of Student Life. Also, for many years the faculty adviser has run a course that provides credit for student mentoring activities. That is not a lecture course and again the students do almost all the organization and coordination. Originally this was a MechENG course when George Stabb was the adviser. For the past few years it has been an ECE 4194 group studies course, although I have exhausted the maximum of consecutive offerings for an ECE 4194. I did have an initial discussion with EED regarding establishing a permanent ENG course number and possibly having it designated as service learning. It's a great opportunity to support STEM outreach activities and student involvement at OSU with the central Ohio community.

- The National Science Foundation (NSF) announces the launch of the [NSF 2026 Idea Machine](#), a prize competition to help set the U.S. agenda for fundamental research in science, technology, engineering, and mathematics (STEM) and STEM education. Participants can earn cash prizes and receive public recognition by suggesting the pressing research questions that need to be answered in the coming decade, the next set of "Big Ideas" for future investment by NSF. The NSF 2026 Idea Machine is an unprecedented opportunity to promote a new area of research that is important and exciting but not currently addressed by NSF. Each final winning entry will receive a cash prize of \$26,000 and its authors (individuals or teams) will be invited to a recognition event in the Washington, D.C. area. Entries will be accepted through October 26, 2018.

- The EED's Pattern of Administration (POA) has been added to our website. Please review it at <https://eed.osu.edu/welcome-eed/administrative-documents>.

- **Staff Manager Development Grant – Apply YEAR ROUND**
 - o Managers, are you looking for professional development opportunities to help you increase your managerial skills and effectiveness? The staff manager development grant provides financial support to assist staff managers seeking to sharpen management skills, encourage participation in activities that further professional development and enhance behaviors that support the university's values.
 - o Grants of up to **\$1,000 for individuals** will be awarded for staff manager participation in management workshops and programs, seminars, conferences or other activities held at The Ohio State University. **Grant applications are now accepted year round.** Applications should be submitted one month prior to the development activity to allow time for review and registration, if the grant is awarded. Examples of OSU providers

EED Faculty and Staff Meeting Action Items

- Carmen Security- Please contact Dick Busick if you would like to engage in conversations with OCIO about BuckeyePass protecting CarmenCanvas.
- EED Budget Presentation- The budget presentation from EED Business Manager, Brook Rome, can be found in this week's faculty and staff meeting folder for review.
- KEEN Travel- Alex McSurley hosted a how-to for travel for KEEN conference attendees on Wednesday, September 26. Contact Heidi Frye for follow up information if you are attending the 2019 KEEN Conference.
- Dean's Advisory Council- If you are available to offer assistance for the Dean's Advisory Council November 9, please contact Ann Christy and Lisa Abrams ASAP. They are looking for faculty and staff interested in topics of faculty evaluation and industry advancement for engineering education Ph.D. graduates.
- APT- The vote for the EED APT document will occur October 19. People with interests in particular parts of the document (e.g., lecturers for lecturer portion) should review and comment prior to the next faculty and staff meeting.
- Executive Committee- We need to discuss the composition of the EED Executive Committee. Many suggestions were made during the meeting. Ideas about the composition of that committee can be presented offline for presentation at the next faculty and staff committee meeting.
- Committees- There is a suggestion to create a sandbox page for committee updates. Until it is developed, place committee updates (e.g., agendas and minute meetings) in a folder for faculty and staff minute meetings. Committee chairs and vice chairs should come to the next meeting ready to discuss the repopulation and term limits of the executive committee.

Reminders

- Conference room phone number 614-292-4486
- Front desk phone number 614-292-7923

- Please put all the furniture back as you found it in the Smith lab rooms.

- Need storage space for your confidential research data? Please submit an IT help ticket to submit a request. <https://engineering.osu.edu/> click on the Intranet link at the bottom and select Helpdesk.

- Whether you are enrolled in an Ohio State medical plan or not, be sure to get a flu vaccination so you're ready to fight the winter flu bugs! All benefit-eligible faculty and staff can get vaccinated at a convenient on-campus location while supplies last. For details or to register for an appointment,
 - o <https://osuhealthplan.com/members/flu-vaccinations>

- Please get a T number before paying for any travel, conference fees, hotels, etc.

- If you are getting emails saying you're running out of space, archive! Put in an IT Help Ticket (go to College of Engineering website) to get the 15 minute solution.

- Have a potential news story?
 - o [Submit Here](#)

- If you have a small project for one of our front desk student assistants, contact Lisa Abrams (abrams.34@osu.edu) who will assign the work requests. Please submit any requests at least a week in advance.

- Do you have a message or event you'd like to see highlighted on EED's social media platforms (e.g. Twitter, Facebook)? Email your posts to ENG-EEDFrontDesk@osu.edu with "EED Social Media" in the subject line.

- Do you have an announcement or message you want to see in the next weekly email? Email the ENG-EEDFrontDesk@osu.edu with "Weekly Email" in the subject line.

Have a wonderful rest of the week!
